Work experience

Projects

- Fresher
- Currency Converter Project
(Developed a dynamic and user-friendly currency converter using HTML, CSS, and JavaScript, integrated with real-time exchange rate APIs. The project features a clean and responsive design, allowing users to convert between various currencies quickly and accurately. Demonstrated proficiency in front-end web development and API integration to enhance user experience.)
- Pinterest Clone Project
(Created a full-stack Pinterest clone that enables users to register, log in, and log out securely. The application allows users to upload photos, update profile pictures, and view all photos on the homepage. Built using Node.js for the backend, with Tailwind CSS, HTML, and JavaScript for a responsive and visually appealing front-end design. Demonstrated strong skills in server-side development, user authentication, and front-end UI/UX design)
